The team classification will be drawn up by adding up the Supermaster scores of each category, race and gender of the first eight classified athletes.

This year, too, there will be the original 'SKIZZO Award'.

Covid standards

In order to ensure a greater distance between the athletes, the events will be held behind closed doors and the stands will be at the exclusive disposal of the participating teams.

Separate warm-up sessions will be held for each event, in order to rationalise the presence in the pool and at the poolside. The times and the relevant warm-up groups will be communicated at a later date.

In indoor swimming facilities, the use of a surgical mask or equivalent is mandatory.

At the entrance to the swimming facility:

1. the responsible coach must submit to the FIN delegate the declaration of responsibility of the club signed by the President (see ANNEX 1),
2. all club members (athletes and staff) over 12 years of age, FIN Councillors, GUG and FICr members are required to show the Covid 19 **Super Green Pass**.

The above may be subject to change due to changing health emergency conditions. Any changes and/or additions will be communicated prior to the event.

For all matters not expressly mentioned, reference is made to the Federal Guidelines on Covid 19 Emergency, available on Federnuoto.it.

General rules

Athletes from the FIN Master Sector who are up to date with their membership for the 2021/2022 season are eligible to participate.

The registration of athletes under 25 is permitted. The Under 25 athlete must be a member of the propaganda sector and in addition must be in possession of a medical certificate to be presented at the start together with an identity document. The athlete will not contribute to the club ranking.

Each athlete may participate in a maximum of two races plus one relay race of each type.

Starts are separated by gender and classifications are drawn up according to category.

Only one start per heat is considered valid, which may be given with the athletes of the previous heat still in the water.

The rankings will be compiled and published on the race course during the event. Within a few days it will also be possible to consult them on the internet at this same address, on the website: <https://www.bolzanonuoto.it> and on the Facebook page of the Trofeo delle Dolomiti: <https://www.facebook.com/TrofeoDelleDolomiti/>

The organising company does not guarantee that the event will take place if there are less than 100 participants.

The organising company declines all responsibility for any damage to persons and/or property occurring before, during and after the event.

For anything not specified in this document, the relevant FIN rules apply (<https://www.federnuoto.it/>).
